

# IMPACT OF COVID 19 ON BUSINESS

Assignment 1

## COVID 19 VS BUSINESS

The quick spread of the Covid 19, the latest pandemic, is wreaking havoc on financial markets, causing capital flight, currency devaluation and threatening a global economic recession.

The economic impact of the COVID-19 pandemic in India is largely disruptive. The growth of the economy has slowed down due to shutdown of different productions channels. Reverse migration of workforce and consequent shortage of labour, resulted in further deceleration of economic growth.

# IMPACT OF COVID 19 ON EDUCATION

# OBJECTIVES

- Educational Disturbance
- Stress And Mental Health Issues Of Students
- How Technology And Innovations Contributed Into Educational System

## Educational Disturbance

Because of the coronavirus pandemic, most of the schools have moved to the online classes, and parents appear to have supposed the role of teachers and are fast becoming sharpness with resources formed for homeschoolers to cause minimum disturbance to their children's education.

There are lots of amazing resources available for online classes, but there are not too many resources which copy the school that offers motivation and multidisciplinary learning.

There is no doubt that the coronavirus pandemic has released the massive disaster that humanity has faced so far. All humans are going through the terrifying conditions of our lives.

# Stress And Mental Health Issues Of Students

Due to the coronavirus pandemic, students are seized in the non-existence on account of education results. Most of the students do not have an outcome because exams either did not occur or were left amid. This is the major impact of COVID9 in education. The student's next steps for further education or careers are dependent on clearing their school or their results. Because of this coronavirus, students are not able to do anything that they plan for their career or future.

## How Technology And Innovations Contributed Into Educational System

The COVID-19 has changed the view of education around the world. During the mid-march all the schools and colleges were shut down to save faculties and students from infection..

Information technology is playing a great role to support the education during COVID-19 lockdown. Due to use of Information technology at large scale in various countries, this is the best time of innovation of new ideas on the digital platforms for delivering the education.
